RE: *Safety Protocols for Food Service*

As we think about the necessary protocols when we return to school, SAFETY for our students and staff is the number one priority. Our preliminary plans include Mascio's Food Service continuing to providing students with nutritious meals. Of course it is critical that we follow specific guidelines to ensure that students and staff remain safe. We are working closely with Mascio' in the planning process. Please take a few moments to review the potential meal serving scenarios that may be implemented when school resumes.

As always, thank you for your continued support. We wish you the very best as we remain steadfast in our efforts to be safe and well during these difficult times.
